Experience

Fix-It DC Coach

Jun 2026 – Jul 2026

Fix-It DC — Washington, DC · Volunteer

Volunteer repair coach at free community repair events.

- Repaired electronics and home appliances while coaching owners through the diagnosis.

electronics-repair diagnostics appliance-systems teaching

Research Intern

May 2026 – Present

American Energy Society — San Francisco, CA (remote) · Internship (part-time)

Research intern on the energy-tech startup tracking programme.

- Sourced >1,300 energy-tech startups from accelerators and pitch competitions into a longitudinal database
- analysed and visualised the data in Excel/Python for the flagship startups report
- wrote the data-collection, cleaning and analysis documentation used to train incoming interns.

data-sourcing dataset-curation analysis visualisation documentation python excel

Undergraduate Research Assistant (Gupta Lab)

Jan 2026 – Jun 2026

University of Virginia — Charlottesville, VA · Part-time

Lab research on selective material recovery from hard disk drive components.

- Conducted laser-ablation experiments on HDD components for selective material recovery
- evaluated scalable recycling methods to improve critical-material lifecycles and reduce electronic waste.

libs eds laser-ablation materials-characterisation spectroscopy experimental-design

Civic Cornerstone Fellowship - cohort member

Sep 2025 – Present

University of Virginia — Charlottesville, VA · Extracurricular

Member of a UVA civic-dialogue cohort.

- Participates in structured civic dialogue across political difference.

civic-dialogue facilitation

Undergraduate Teaching Assistant, Applied Circuits (ECE 2300)

Aug 2025 – Dec 2025

University of Virginia — Charlottesville, VA · Part-time

Supported the ECE 2300 applied-circuits labs and student success.

- Ran lab sections and supported students through circuit analysis, instrumentation and troubleshooting
- graded work and produced worked solutions.

lab-instruction circuit-analysis grading mentoring

Customer Projects Designer I, Intern

May 2025 – Aug 2025

Dominion Energy — Norfolk, VA • Internship (full-time)

Summer design internship in electric distribution customer projects.

- Completed all phases of a residential power hookup (site visits, calculations, permitting, construction sketches)
- coordinated with Chesapeake/Norfolk city offices and the Elizabeth River Project on permitting, telecom joint-use and site readiness
- built an Excel route-planning tool that bypasses Google Maps limits, demoed it to the team and wrote the adoption job aid.

1st Class Electrical Assembly Technician (DoD Skillbridge)

Mar 2023 – Feb 2024

Fairlead Integrated Solutions — Portsmouth, VA • Skillbridge (full-time)

Skillbridge placement assembling and troubleshooting naval electronic assemblies.

- Electrical assembly to mil-spec workmanship standards
- EMI-filter troubleshooting documented in a recorded Q&A session.

electrical-assembly emi-filtering harnessing mil-spec-workmanship

Helicopter Airframe Mechanic, Active Duty (E-5)

Apr 2019 – Jan 2024

U.S. Navy (HM-12, MH-53E Sea Dragon) — Norfolk, VA • Full-time (military)

Four years maintaining flight-critical airframe systems on the Navy's heavy-lift helicopter.

- Inspected and repaired landing gear, hydraulics and flight controls to Naval Aviation standards
- led maintenance crews through time-critical discrepancy resolution
- interpreted technical manuals and engineering directives to determine repair feasibility
- managed training for 56 personnel and raised programme compliance from 91% to 97% over ten months.

hydraulics flight-controls airframe-systems technical-manuals compliance leadership training-management

Youth Coach and Historical Canal Tour Guide

Jun 2017 – Jun 2019

Riverside Kayak Connection (RKC) — Detroit, MI • Seasonal

Summer coaching and public-history guiding on the Detroit River canals.

- Coached youth paddling programmes and led public historical canal tours
- authored the RKC tour guide manual and kept coaching/experience records.

coaching public-speaking curriculum-writing local-history

Education

University of Virginia

Fall 2024 – present

Germanna Community College

Spring 2024

Tidewater Community College

Summer 2021 – Fall 2023

Wayne State University

Winter 2017 – Winter 2019

Awards & credentials

Fundamentals of Engineering (FE) Exam - Electrical and Computer Engineering — NCEES (Jun 2026)

Passed the FE Electrical and Computer Engineering exam.

Student Veteran Service Award Scholarship — Dominion Energy ([Aug 2025](#))

Dominion Energy scholarship recognising student-veteran service.

Blue Jacket of the Year — U.S. Navy, HM-12 ([Dec 2023](#))

Squadron-level recognition for sustained superior performance.
